

Tropical Marine Ventures LTD

PLAN "B"

Sandy,

I want to express my appreciation for the outstanding job that you and your Yacht Mate team performed on our vessel last month. The installation of the Eco-Mar treatment system was timely, professional and efficient.. As usual!!

I also wanted to let you know how much we are enjoying the ease and convenience of the Eco-Mar system. It's been incredibly reliable, automated and a very silent system. It makes us feel a little better knowing we are protecting the waters and not dumping untreated waste overboard even if it's legally OK.

Again thanks for your continued support on the water treatment system as well and I look forward to our next project..

Bryan
